Form ADV Part 3 – Client Relationship Summary

Date: 03/22/2023

Item 1: Introduction

CASSADY SCHILLER WEALTH MANAGEMENT, LLC is an investment adviser registered with the Securities and Exchange Commission offering advisory accounts and services. Brokerage and investment advisory services and fees differ, and it is important that you understand the differences. This document gives you a summary of the types of services and fees we offer. Please visit www.investor.gov/CRS for free, simple tools to research firms and for educational materials about broker-dealers, investment advisers, and investing.

Item 2: Relationships and Services

Questions to ask us: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What investment services and advice can you provide me? Our firm primarily offers the following investment advisory services to retail clients: portfolio management (we review your portfolio, investment strategy, and investments); financial planning (we assess your financial situation and provide advice to meet your goals). As part of our standard services, we typically monitor client accounts on at least an annual basis. Our firm offers discretionary accounts which allows us to buy and sell investments without asking the client in advance. We limit the types of investments that are recommended since not every type of investment vehicle is needed to create an appropriate portfolio. Please also our Form **ADV** Part 2A visiting: by https://adviserinfo.sec.gov/firm/summary/129113, specifically Items 4 & 7.

Item 3: Fees, Costs, Conflicts, and Standard of Conduct

Questions to ask us: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me? What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have? How might your conflicts of interest affect me, and how will you address them?

What fees will I pay? Our fees vary depending on the services you receive. Additionally, the amount of assets in your account affects our advisory fee; the more assets you have in your advisory account, the more you will pay us and thus we have an incentive to increase those assets in order to increase our fee. Our fixed fee arrangements are based on the amount of work we expect to perform for you, so material changes in that amount of work will affect the advisory fee we quote you. Portfolio management fees are paid quarterly, in advance. We prorate fees for new clients for their first quarter. Financial planning only engagements are charged based on a mutually agreed upon fee and typically charged monthly or hourly. You pay our fees even if you do nothave any transactions and the advisory fee paid to us generally does not vary based on the type of investments selected. Please also see Items 4, 5, 6, 7 & 8 of our Brochure, which can be found at: https://adviserinfo.sec.gov/firm/summary/129113.

<u>Third Party Costs:</u> Some investments (e.g., mutual funds, variable annuities, etc.) impose additional fees (e.g., transactional fees and product-level fees) that reduce the value of your investment over time. The same goes for any additional fees you pay to a custodian. Additionally, you will pay transaction fees, if applicable, when we buy or sell an investment for your account. **You will pay**

fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount ofmoney you make on your investments over time. Please make sure you understand what fees and costs you are paying. Please visit: https://adviserinfo.sec.gov/firm/summary/129113 for more details.

<u>Conflicts of Interest:</u> When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask usabout these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means. If an investor agrees to transfer or rollover an account to our management, then we make more in fees than if they didn't transfer the account.

<u>How do your financial professionals make money?</u> Primarily, we and our financial professionals receive cash compensation from the advisory services we provide to you because of the advisory fees we receive from you. This compensation may vary based on different factors, such as those listed above in Item 3. Please visit: https://adviserinfo.sec.gov/firm/summary/129113, Item10 for additional details.

Item 4: Disciplinary History

Questions to ask us: As a financial professional, do you have any disciplinary history? For what type of conduct?

<u>Do you or your financial professionals have legal or disciplinary history?</u> We do not have legal and disciplinary events. Visit https://www.investor.gov/ for a free, simple search tool to research us and our financial professionals.

Item 5: Additional Information

Questions to ask us: Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
